

Call for Mentoring Excellence for the fall semester of the academic year 2026/2027

One of the missions of the Faculty of Pharmacy at the University of Pécs is to support its students in their academic progress and thereby reduce student drop-out rates. To this end, it has launched a Learning Support Mentoring Program for students in both English and Hungarian language courses. The aim is to create student study groups led by senior pharmacy or biotechnology students (mentors), where students can discuss the more challenging aspects of a subject with the guidance and support of the mentor.

This application aims to award scholarships to students who have performed outstanding and effective mentoring activities in the spring semester of the academic year 2025/2026. Students with an active student status may receive a one-time scholarship of up to HUF 140,000, i.e. one hundred forty thousand Hungarian Forints, for successful and outstanding mentoring activities. The scholarship amount will be determined based on the mentoring activity performed in the spring semester and the score achieved by the applicant.

To apply, you must submit a summary of the completed mentoring activities in a maximum of 1 page, including:

- Name of mentor, name of the mentored subject, and number of mentored students.
- A short report summary of the completed lessons.
- Other activities that contributed to the success of the mentoring (if any).
- The names of the mentored students.
- Attached as a supplement: prepared support materials for the mentored students (if any).

Applications must be submitted electronically to **mentor@gytk.pte.hu**. The name of the application file submitted is: **MentoringWork_LastName_Surname_date.pdf**

Deadline for submission: 14 September 2026.

The evaluation of the applications and the decisions on the scholarship amount will be carried out by a committee of 3 members (2 coordinators and one person delegated by the Student Council). The committee will consider the following criteria when evaluating the applications and determining the scholarship amount:

- **Number of students mentored**
- **Success of mentoring**
- **Feedback from mentored students**
- **Report summary of completed classes**
- **Amount of completed hours**
- **Quality of the support material for mentored students (if any)**

Applicants will be notified of the results by email before 30 September.

The application may not be resubmitted in case of the absence of documentation.

The student may appeal against the Committee's decision within 15 days from the date of notification or from the date of becoming aware of the decision. The appeal must be addressed to the Second Level Educational Committee and submitted to the organization/individual who made the first-

level decision. It must be accompanied by the decision appealed against and the documents supporting the claim.

Pécs, August 2026

Dr. András Tamás Fittler
Dean

I hereby approve the application based on Annex 6 of the PTE SZMSZ, and Article 25 of the PTE Regulations on Fees and Benefits:

Pécs, August 2026

Prof. Dr. Adrián Fábán
Rector
